## 🎓 EDUCATION

### **BSC in Computer Science Engineering,**

North South University  
04/2019-06/2023  
Bashundhara, Bangladesh  
Department of Electronics and  
Communication Engineering  
CGPA - 3.11(out of 4)

### **Higher Secondary**

**Certificate,** Dr. Mahbubur  
Rahman Mollah College  
(DMRC)  
06/2018 | Dhaka, Bangladesh  
Discipline: Science || GPA-  
4.58(out of 5)

### **Secondary School**

**Certificate,**  
A.K. High School & College  
2016 | Dhaka  
Discipline: Science || GPA-  
5.00(out of 5)

## 👤 PROFILE

Dedicated and highly driven student studying computer science engineering looking for an internship to put my technological know-how to use in a real-world professional situation. I'm excited to contribute to a creative and imaginative team while obtaining relevant experience thanks to my love for problem-solving and solid grounding in computer science fundamentals.

## 🧠 SKILLS

- C,Java,Python,HTML,CSS,BootStrap,JS
- React JS
- Django web framework
- Machine Learning
- Deep Learning
- Cisco Packet Tracer-network topologies and imitate modern computer networks
- SketchUp 3d drawing
- Microsoft Office-Word, Excel, Powerpoint

## 📁 PROJECTS

### **Cisco Network Transformation For Different Departments**

Created a network topology for 5 different departments.

### **Hepatitis C Prediction-Machine Learning**

The goal of this project is to develop an efficient and accurate machine-learning model for predicting Hepatitis C infection.

### **Speech Emotion Detection and Text Analysis using Google API and Deep Learning**

It is a deep learning project which is used to understand the dialect of any kind of text or audio.

## LANGUAGES

Bangla

English

## PROFESSIONAL EXPERIENCE

### Data Entry Specialist

As a Data Entry Specialist at "Jatio Vumi Tottho o Seba Kathamo," I was responsible for accurately inputting and managing large volumes of data for various projects and initiatives. This role required meticulous attention to detail, strong organizational skills, and the ability to work efficiently in a fast-paced environment.

- Proficient in data entry software, such as Microsoft Excel, Google Sheets, or similar tools.
- Strong attention to detail and accuracy in data entry and verification processes.
- Excellent organizational and time management skills to handle multiple tasks effectively.
- Basic knowledge of data analysis and reporting techniques.
- Ability to work independently with minimal supervision and as part of a team.
- Effective communication skills to collaborate with colleagues and convey information clearly.

### Social\_Book

It is a social media web application to help students to contact each other. It is created in the Django web framework.

## EXTRA-CURRICULAR ACTIVITIES

Throughout my academic journey as a Computer Science Engineering (CSE) student, I have actively engaged in various extracurricular activities that have not only enhanced my personal development but also contributed to my overall skill set. Here are some of the notable extracurricular activities I have participated in:

- Coding Competitions
- Technical Club
- Volunteer Work
- Sports and Fitness

## RELEVANT COURSEWORK

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Operating Systems
- Web Development
- Software Engineering
- Artificial Intelligence and Machine Learning

## RESEARCHES

### Web 3.0 Technology

In my research endeavors, I have focused on understanding the fundamental principles and underlying technologies driving Web 3.0. This includes exploring concepts such as blockchain, decentralized protocols, smart contracts, and distributed ledger technology.

### Sentiment Analysis

My research in sentiment analysis focused on developing novel approaches and techniques to accurately classify and interpret sentiment from various sources of textual data.
